

The Krulak Marine Alliance of Alabama

SNAFU: The Navy & Marine Corps are dragging their feet in processing Camp Lejeune water contamination claims.

Whether you are a Marine or not, you can pressure the White House and Congress to take immediate action to speed up the claim processing!

The following link provides the scuttlebutt about the claim processing feet-dragging delays...

Mission “*Feet to the Fire*”

Please take the time to send the following or a similar message to the President and Vice President of the United States, your congressional representative and senators.

...It’s important to do something now to ensure the Navy & Marine Corps expedite the Camp Lejeune contaminated water claim processing; the whole process is shameful. Our Veterans deserve better treatment...

Mission “*Feet To The Fire*” is critically important!

Ask your family, friends, coworkers, congregation members, and veteran organizations to join the fight to do the same.

You can make a difference if you act now!
